

To Whom It May Concern:

Shape Corporation is one of the largest manufacturing companies in Grand Haven, MI. As with any manufacturing firm in today's market, we were looking for ways to reduce our utility expenses. We first heard about Tenurgy's auditing services from the Michigan Chamber of Commerce.

Our initial audit results were easy to follow and produced a sizeable refund along with annual savings over our current expenses. The audit and analysis was so helpful, we decided to contract them for our Texas manufacturing facility.

As part of Tenurgy's ongoing monitoring, we have continued to realize additional savings. We have enjoyed working with Tenurgy and find great value in their expertise.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Milburn".
