Re: Tenurgy

Please let this letter serve as a reference for Tenurgy. Over the past several months, I have worked closely with Mike Harrington and Tenurgy and have been very pleased with their work. We received a refund on natural gas and we are now realizing electric savings, as a result of Tenurgy's audit, of over 14%.

As an added benefit, Tenurgy continues to monitor our utility bills on a monthly basis and make additional savings recommendations. I am confident we will realize additional savings throughout the term of our consulting relationship.

In closing, let me say I am glad we used Tenurgy's services to audit and analyze our utilities and I would recommend their service to your business.

Sincerely,

Marvin Lacey
