To Whom It May Concern:

Tenurgy's utility consulting services were first recommended to us by David Brownback from the Michigan Chamber of Commerce. Because there were no upfront costs and minimal work required from our employees, Kentwood Public Schools decided to move forward with the utility audit.

Tenurgy was prompt with their service and quick to gather historical data from our accounts. Within a few weeks, we were provided with a detailed summary of their findings. To our surprise, they were able to find us significant savings in our utility bills. Tenurgy assisted in all the necessary paperwork and we were able to start realizing the savings promptly on our next billing cycle.

Tenurgy's extensive knowledge of utilities are great for any school or business that is looking to find savings or just wants confirmation that they aren't being overcharged.

Sincerely,

A handwritten signature in black ink that reads 'Michael Zoerhoff'.

Michael Zoerhoff
Superintendent
Kentwood Public Schools
