To Whom It May Concern:

Oscoda Area Schools was excited to work with Tenurgy's utility consulting services to audit our utility and telecommunication expenses. The audit required minimal effort on our part and there were no upfront costs to the district.

After an in-depth analysis, Tenurgy found no significant savings or refunds were available to the district at the present time. It was reassuring to confirm the fact that our business office is in tune with the discounts and programs available to school districts.

Even though the audit did not result in any savings or refunds, Oscoda Area Schools plans to continue to work with Tenurgy to monitor our utility and telecommunication accounts and make recommendations for any future savings.

Sincerely,

Scott Moore, Ph.D., Ed. S., MPA
Superintendent of Oscoda Area Schools
