To Whom It May Concern:

The Homestead is a premier vacation destination in northern Michigan, situated on 500 acres in Glen Arbor and surrounded by Sleeping Bear Dunes National Lakeshore. Being in the hospitality business for almost fifty years, The Homestead knows a lot about satisfied customers and continued business relationships.

The Michigan Chamber of Commerce first introduced us to Tenurgy in 2010. In our efforts of continual improvement, we sought updated results with a new utility bill review that Tenurgy performed in the fall of 2021. Enough time had passed since the first bill review, where potential new rules, regulations, and tariffs may have impacted on our bottom line. The process was easy...we just had to share recent bills to get them started.

Like the initial audit, their review and reporting provided us with valuable information and details about our energy usage that would be difficult to compile on our own. The Homestead is grateful for the long-term relationship and would gladly recommend Tenurgy to both new and repeat customers alike. If you have any questions, please feel free to contact me directly at 231.334.5152.

Sincerely,

THE HOMESTEAD
