

What's next?

WE'LL TAKE IT FROM HERE

1. I'm Ready: **FIRST STEP**

There are no site visits and no business interruptions, just a couple authorization approvals to allow for the gathering of utility account information, billing history and usage details.

2. The Process: **ANALYZE**

Tenurgy experts collect and examine billing data, plus confirm accuracy and identify available savings:

- Deep-dive scrub of contract language, rules, regulations and tariffs
- Invoicing recalculation

3. The Reveal: **REPORTING**

Tenurgy provides a comprehensive audit report within 6 - 8 weeks revealing all opportunities and recommendations.

4. The Findings: **MAXIMIZE SAVING**

Savings and refunds are at a client's discretion. Tenurgy is compensated only when savings are discovered and activated.

5. The Extras: **CONTINUOUS MONITORING**

Tenurgy provides continuous monitoring to ensure that all adjustments remain in place.
